TECHNICAL INFORMATION

TVS ACOUSTICS
NOISE & VIBRATION CONTROL

TVS Acoustics can now offer a metal baffle ceiling system manufactured in easily removable sections to allow for access into the void area.

- Manufactured from zinc coated steel or aluminium with plain or perforated options
- Perforated baffles can be supplied with black foam acoustic inserts for a high degree of absorption
- Baffles are available with end caps as required
- Available in a range of widths, heights and lengths
- Baffles are powder coated to RAL 9010 as standard
- Also available in woodgrain effect finishes

These products look stunning when installed and can offer cost savings compared to others in the market.
